PROPOSAL SUMMARY

Briefly summarize this proposal.

EVALUATION CRITERIA

1: Objective(s) and Goals

Briefly summarize the objective(s) and goals of this proposal.

- Do project objectives align with the current Mission, Goals and Objectives of the SCSB?
- How will project objectives be measured?
- How will South Carolina soybean producers benefit from this project?

2: Value Impact

To what extent does this proposal create value for SC soybean farmers?

- How will the proposal improve profitability for SC soybean farmers? Consider impact on both demand for soy and grower costs.
- Does the proposal have potential to advance constituent pricing?
- What is the cost relative to reward (benefit to growers)?

3. Execution Feasibility

What challenges or roadblocks do you anticipate and is there a clear path and capability to manage these challenges?

ADDITIONAL INFORMATION

How do you plan to communicate the results of your project with South Carolina soybean farmers?

Does your organization participate in lobbying, advocacy or legislative activity? (*The SCSB is not allowed to engage in these activities.*)
